### Check 21 Act Consumer Awareness Disclosure:

Substitute Checks and Your Rights-To make check processing faster, federal law permits banks to replace original checks with "substitute checks." These checks are similar in size to original checks with a slightly reduced image of the front and back of the original check. You may use a substitute check as proof of payment just like the original check. Some or all of the checks that you receive back from us may be substitute checks. This notice describes rights you have when you receive substitute checks from us. In certain cases, federal law provides a special procedure that allows you to request a refund for losses you suffer if a substitute check is posted to your account. The losses you may attempt to recover under this procedure may include the amount that was withdrawn from your account and fees that were charged as a result of the withdrawal. The amount of your refund under this procedure is limited to the amount of your loss or the amount of the substitute check, whichever is less. You also are entitled to interest on the amount of your refund if your account is an interest-bearing account. If your loss exceeds the amount of the substitute check, you may be able to recover additional amounts under other law. If you use this procedure, you may receive up to (\$2,500.00) of your refund (plus interest if your account earns interest) within (10) business days after we received your claim. We may reverse the refund (including any interest on the refund) if we later are able to demonstrate that the substitute check was correctly posted to your account. If you believe that you have suffered a loss relating to a substitute check that you received and that was posted to your account, please contact us. You must contact us within (40) calendar days of the date that we notified you of the substitute check in question or the account statement showing that the substitute check was posted to your account, whichever is later. We will extend this time period if you were not able to make a timely claim because of extraordinary circumstances. Your claim must include: A description of why you have suffered a loss; An estimate of the amount of your loss; An explanation of why the substitute check you received is insufficient to confirm that you suffered a loss; and A copy of the substitute check [and/or] descriptive information to help us identify the substitute check.
